

**CONCLUSION**

Based upon the remarks previously presented, and incorporated herein by reference in their entirety as outlined in Applicant's previous responses of September 13, 2007 and January 3, 2007, including any applicable amendments, the presently claimed subject matter is believed to be novel and patentably distinguishable over the references of record. The Examiner is therefore respectfully requested to reconsider and withdraw all rejections and allow all pending claims 1, 4-6, 8-17, and 19-30. Favorable action with an early allowance of the claims pending in this application is earnestly solicited.

The Examiner is welcomed to telephone the undersigned practitioner if he has any questions or comments.

Respectfully submitted,
